# Magiglass Creations 2019

# Garden Furniture Collection 1

# Magiglass Garden Furniture

Our Garden Furniture and Ornaments are produced from a concrete and glass mix. They are the bi-products of our glass recycling project.

Bottles of various sizes and colours are collected from hotels, public houses and retail establishments in Powys. They are then fed into our machine which implodes the bottles into a variety of cullet sizes. A sieve then separates the different sizes of the glass cullet. Imploded glass is sharp free and safe to handle.

The cullet comes in a variety of sizes from fine sand to 10mm. We mix the glass cullet with a number of materials including concrete, and resin to produce our garden furniture, ornaments and figurines.

**Please Note! Postage and packing are extra and will be quoted at time of purchase**
